

LIFE FROM INSIDE

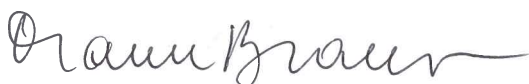

Bracco Group Quality Policy

Bracco is committed to provide safe, reliable, effective products and services for the Patients and Customers through Quality excellence. The Quality organization has the appropriate level of independence and authority to act using the highest quality standards and promoting the quality culture company-wide.

The Quality Management System is designed to exceed compliance requirements, to support, measure and continuously improve Processes and activities with ethics and integrity.

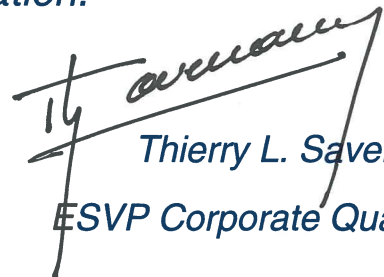

Each Bracco employee owns Quality and is responsible for his/her Objectives and related metrics which are constantly monitored and shared.

The Quality Policy is communicated and integrated across the company at every level of the organization.
