## **ESOR AIM CHINA**

### Advanced Imaging Mentorship Program

Moderator: Christian Loewe

Join the celebration of the launch and success of AIM China—an innovative mentorship programme connecting outstanding young radiologists from China with leading European training centers. This session marks a milestone in Sino-European collaboration and invites institutions, mentors, and future fellows to help shape the next chapter of AIM China in 2027.

#### **Faculty**

**Christian Loewe**  
ESOR Scientific & Educational  
Director, Austria

**Hadi Moufarrej**  
Head of Global Commercial  
Organization at Bracco, Milan,  
Italy

**Andre Hartung**  
President of Diagnostic Imaging  
Siemens Healthineers, Erlangen  
Germany

#### **Mentors**

**Matthias May**  
University Hospital Erlangen,  
Erlangen, Germany

**Luigi Funicelli**  
European Institute of Oncology,  
Milan, Italy

**Diana Veiga Canuto**  
La Fe Health Research Institute  
(IIS La Fe), Hospital Universitario y  
Politécnico La Fe, Valencia, Spain

#### **Mentees**

**Shucheng Bi**  
Beijing Children's Hospital,  
Capital Medical University,  
Beijing, China

**Rao Du**  
West China Hospital of Sichuan  
University, Sichuan, China

**Ling-yi Wen**  
West China Second University  
Hospital, Sichuan, China

**Yanjin Qin**  
The First Affiliated Hospital, Sun  
Yat-sen University, Guangzhou,  
China

#### 11:30-11:40 **Welcome and introduction**

**Christian Loewe**, Vienna, Austria  
**Hadi Moufarrej**, Milan, Italy  
**Andre Hartung**, Erlangen, Germany

#### 11:40-11:45 **Progress report on the first application round for 2026**

**Christian Loewe**, Vienna, Austria

#### 11:45-11:55 **Pilot run in 2025: report from tutor and fellow**

**Christian Loewe**, Vienna, Austria  
**Ling-yi Wen**, Sichuan, China

#### 11:55-12:25 **ESOR AIM China 2026**

**Presentation of mentor-mentee pairs and their research projects in 2026**

*Automated Detection of Normal Chest CTs Using  
Self-Supervised Learning Methods*

**Matthias May**, Erlangen, Germany

**Rao Du**, Sichuan, China

*Differences of mucinous vs non mucinous locally advanced rectal cancer  
response to neoadjuvant therapy treatment in a curative setting: retrospective  
multicentre cohort study*

**Luigi Funicelli**, Milan, Italy

**Shucheng Bi**, Beijing, China

*Generative and explainable AI in oncologic imaging:  
diagnosis, prognosis, and tumor characterization*

**Diana Veiga Canuto**, Valencia, Spain

**Yanjin Qin**, Guangzhou, China

#### 12:25-12:30 **ESOR AIM China 2027:**

**Outlook on the next application round**

**Christian Loewe**, Vienna, Austria

#### **Closing Remarks**

**Christian Loewe**, Vienna, Austria
